

We create and establish the following:

- Outdoor play environments that encourage active and creative play using natural and man made materials.
- Shade structures, soft fall areas, artificial grass, rubber surfacing, fencing and fence screening.
- Sandpits and sandpit covers, multipurpose tracks. Quiet areas, amphitheatres, tables and seating.
- Climbing equipment suited for 0-5 years or 6-12 years, swings, barricades and bumper pads.
- Low maintenance and sensory gardens with various arrangements of suitable plants , trees and shrubs.
- Any excavating, levelling, drainage, turf, garden edging, reinforced concrete footings and bases.
- Brick paving, stencilled concrete, retaining walls and the placement of natural and artificial rock.
- Computerised and manual irrigation systems suited to children's playgrounds.
- Water play areas, bird baths, bridges, pathways, focal points, gazebos and archways.
- Any other aspects of outdoor playgrounds as requested by clients.
- We are available for consultation where clients are able to view photographs of our work.

We specialise in redesigning playgrounds

We create safer environments.

We understand the need for safety and supervision.

We can enhance areas that need attention

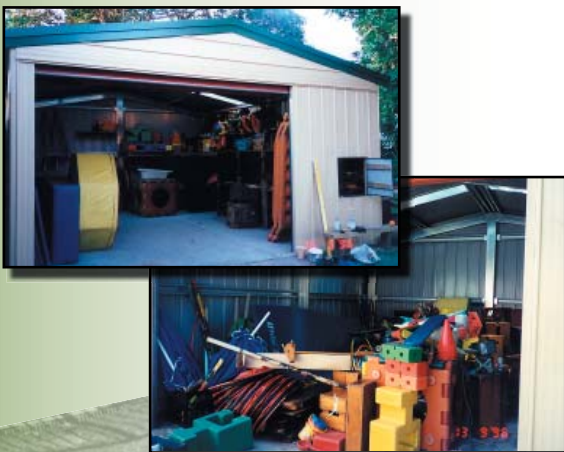

“Creative Playgrounds...building your dreams”

We create stimulating environments to further children's development

We can organise chaos!

Ask about our ranges of fixed equipment to enhance your playground:

- Custom made treated timber (all our decking is arsenic free)
- Powder-Coated Galvanised Steel and High Density Polyethylene

Call Andrew Marek for...

- **Solutions**
- **More Information**
- **Consultation**
- **Plans**
- **Quotes**

Invest in your children's learning environment and call creative playgrounds for a consultation on your playground.

A consultation will give you priceless information relating to the planning and development of your playground.

"We believe effective communication is the key to productive planning. Then, with quality products and service your goals will be achieved."
